“SHOW YOUR TRUE COLORS”

Racing Colors

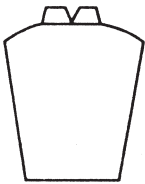

All silks are priced based on the body and sleeve design combination you choose. Please refer to each item number and the corresponding price for that particular design to calculate the final cost of your silks.

We offer a **RUSH SERVICE** for an additional fee, if you require your order by a specific date. Expedited rush orders can be completed in as little as **24 HOURS**, if necessary, for an additional fee. Standard production time for racing silks is 10-14 business days.

FABRIC OPTIONS

NYLON (Matte) • **SATIN** (Additional \$50.00 Fee) (Shiny) • **AERODYNAMIC** (Additional \$50.00 Fee) (Spandex)

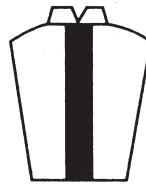

These are the standard designs set by the New York Jockey Club. You may choose any of these, and additional designs or lettering to them, or use a custom design of your own. Body designs are on the front and back unless otherwise requested.

The Daly's Difference

Since 1974, we have been making the finest racing apparel available in the industry. We have taken painstaking efforts to ensure that our silks are assembled in such a way, and crafted with materials that will endure against regular use, laundering and weather. Specializing in custom design and using the highest quality fabrics, we take great pride in making your racing colors to match your custom design or logo exactly and exceeding your expectations of quality.

You can choose from the classic style of traditional nylon or satin fabric for your silks or the contemporary look of our form-fitting aerodynamic silks. Designs are applied to the front and back of your silks unless specified otherwise, and your name is embroidered into the hem for permanent identification. To complete your custom look, we also offer custom designed stable equipment, horse blankets, blinkers, saddle towels, custom jackets, shirts and baseball caps with your colors and logo.

On request, we will mail samples of colors and fabrics for you to choose from. We are approved by the New York Jockey Club to assist with your silks registration, if needed.

When your horse enters the winner's circle, your colors should look their best because they are your racing trademark. By choosing Daly's to make your silks, you can be sure they will!

Should you have any questions or if you need additional information or assistance in designing your silks, please contact us. Thank you for giving us the opportunity to introduce you to Daly's.
